MEMBERSHIP FEES FOR SEASON 2018-19

Season 2018-2019 membership subscription fees remain unchanged.

Issues in Previous Seasons

In previous seasons, the Club has had issues with the late payment of subscriptions by a number of players (all sections) and social members. Since subscriptions contributes around 1/3rd of all Club income each year, it is vital we collect these monies as early as possible in the season; late payments reduce our ability to provide a great service to all our members. As a result of these issues, the Committee has decided to implement some changes to encourage early payment.

Benefit for Early Payment of Subscriptions

- Payment of subscriptions by **30th September** will attract a £10 bar credit on Members' cards.

Penalties for Late Payment of Subscriptions

If subscriptions are not paid by **31st October**, the following sanctions will apply:

- Members' bar cards will be suspended – losing the benefit of bar discount – until payment is made in full.
- Playing members will not be eligible for selection for any Kenilworth XV until full payment is made*. There will be no exceptions to this.

** Some people may opt to pay their subs via Direct Debit (DD). Please be aware that payment to KRFC may take up to 1 month after setting up this facility.*
